Note to All Chairs & Judges: These folders are returned to the entrants, who need and appreciate your comments, even when they do not place. Therefore, whenever possible, your signature and a brief comment lets them know their project was evaluated.

Note to Parents and Children: Please **do not** put anything under or over this sheet. Judges must have a smooth surface on which to write their comments and they must see the photographs while writing. **Place all photographs and information on the inside left**, opposite of this page. Staple all materials inside the folder. **Do not use tape.**
